Directors' Note

WORK is the foundation upon which dreams are built. It is the recognition that nothing worthwhile comes without putting in the necessary time and energy. Whether it's excelling in a profession, pursuing a passion, or overcoming personal challenges, hard work is the driving force that propels individuals forward.

The beauty of thriving through hard work lies not only in the end result but also in the transformative journey it offers. It cultivates a strong work ethic, fosters discipline, and builds character. The challenges faced along the way provide valuable lessons that shape individuals into better versions of themselves.

'WORK IT' is a testament to the power of determination, perseverance, and resilience. The process of preparing for this show was a journey that required discipline, sacrifice, and an unwavering commitment to one's goals. By embracing challenges, setting clear objectives, and staying focused, students have begun to unlock their potential, achieve success, and have experience personal growth along the way. Preparing for 'WORK IT' has not only brought about external accomplishments, but we hope has also fostered a deep sense of fulfillment and self-confidence in our performers that will last a lifetime.

Whether it's your little one's first time on stage, or your performer is taking their final bow before heading off to college, we thank you for being part of our Walh Studios family.

Enjoy the show!

David & Katie Walh

She is excited to have joined Walh Studios as a teacher, and thrilled to share her passion and love of dancing.
